PROJECTS

BMW Landing Page

 [REPO](#)

Developed a BMW-inspired landing page using HTML and CSS. Designed modern UI sections including navigation, hero banner, vehicle showcase, and footer while focusing on clean layouts and visual appeal.

UX E-Commerce Website

 [REPO](#)

Built a responsive e-commerce website using HTML, CSS, and JavaScript. Implemented interactive product displays, navigation features, and dynamic user interface components to enhance the online shopping experience.

Momentum – Daily Study Planner

 [REPO](#)

Developed a responsive study planner web application using HTML, CSS, and JavaScript. Implemented task management, study scheduling, progress tracking, study streak monitoring, dark/light mode, and interactive animations. Leveraged AI-assisted development tools for UI design, debugging, and optimization while independently integrating and customizing functionality.
